SUMMARY

ICT Applications Development graduate with practical experience in developing backend systems and full-stack applications. Skilled in ASP.NET Core, FastAPI, React.js, and Next.js, with a strong foundation in database design, API development, and system optimization.

Proven ability to develop enterprise-grade solutions and monitoring platforms, while effectively addressing business needs with technical solutions. Experienced in the Software Development Lifecycle (SDLC) and applying system design principles to deliver scalable and efficient software. Known for problem-solving skills, attention to detail, and delivering reliable, high-quality software solutions.

TECHNICAL SKILLS

Programming Languages

- C#
- Python
- JavaScript
- SQL

Concepts

- Software Development Lifecycle (SDLC)
- Basic System Design Principles

Tools & Technologies

- Git & GitHub
- RESTful API Development
- Docker (Basic)
- Microsoft 365

Frameworks & Libraries

- ASP.NET Core (MVC)
- React.js
- Next.js
- FastAPI
- Entity Framework Core

Databases

- SQL Server
- PostgreSQL

Professional Skills

- Communication (technical & non-technical)
- Team collaboration
- Problem-solving
- Time management

WORK EXPERIENCE

ICT Intern – Ndabase Printing Solutions

Oct 2025 – April 2026

- Contributed to the development of an enterprise device lifecycle management system supporting tracking, allocation, and dispatch workflows
- Built and maintained backend functionality using ASP.NET Core and Entity Framework Core
- Executed SQL queries, migrations, and optimizations in SQL Server to ensure data consistency and performance
- Worked with stakeholders to translate operational requirements into working system features
- Supported improvements in internal ICT operations through structured system workflows

Hackathon Tech support - KZN Tech Imbokodo Hackathon

Aug 2025 – Aug 2025

- Provided real-time technical support during a high-pressure 48-hour hackathon
- Assisted participants with environment setup, connectivity, and troubleshooting
- Helped maintain stable development environments for uninterrupted workflow

Tutor – Durban University of Technology

Apr 2025 – Oct 2025

- Assisted first-year ICT students with programming fundamentals and problem-solving techniques
- Delivered structured lessons on logic, control flow, and coding principles
- Improved student understanding through practical examples and consistent academic support

EDUCATION

Diploma in ICT (Applications Development)

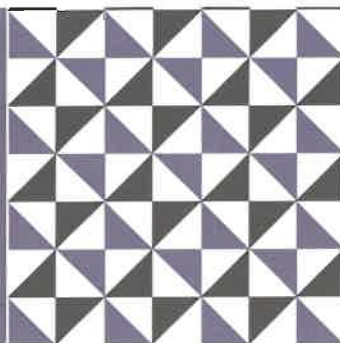

Feb 2023 - Nov 2025

Durban University of Technology

- Coursework in software development lifecycle, database design, and UI/UX.
- Hands-on projects: Doctors' Appointment Booking System (ASP.NET MVC); Weather Forecast Website (React.js & API); Currency Converter (JavaScript).

Dear Mr TC Ndelu

Congratulations!

This serves to confirm that you, **MR THAMSANQA CLIVE NDELU**, has complied with all the academic requirements for the issue of the **DIPLOMA IN INFORMATION AND COMMUNICATION TECHNOLOGY IN APPLICATIONS DEVELOPMENT**.

Your qualification will be conferred on you at the 2026 autumn graduation ceremony.

Please note that it is important to ensure that you have settled any outstanding financial obligations, submitted outstanding documents, returned all equipment and library books, and paid the relevant fines owed to the University, in order for your graduation certificate to be released.

We would like to congratulate you on your achievement.

Yours Sincerely

FACULTY OFFICER
